

Survey for Neighborhood Association Presidents: City of Fort Worth Gas Drilling Ordinance Issues

1. Name of Neighborhood Organization		Response Count
		59
<i>answered question</i>		59
<i>skipped question</i>		0

2. Name of President completing survey		Response Count
		59
<i>answered question</i>		59
<i>skipped question</i>		0

3. The definition of public buildings (where drill sites must be at least 600 feet away) should be the following: Public building means all buildings used or designed to and intended to be used for auditoriums, museums, and libraries, theaters, assembly halls, mortuary chapel, dance halls, exhibition halls, museums, gymnasiums, bowling lanes, libraries, skating rinks, courtrooms, restaurants (with occupancy greater than 50), stores and shopping centers.			
		Response Percent	Response Count
Strongly Agree		62.7%	37
Agree		27.1%	16
No Opinion		1.7%	1
Disagree		6.8%	4
Strongly Disagree		1.7%	1
		<i>answered question</i>	59
		<i>skipped question</i>	0

4. Trinity Trails (walk and bike paths along the Trinity River) need to be a protected use (distance of 600 feet from drilling activities):

		Response Percent	Response Count
Strongly Agree		60.3%	35
Agree		19.0%	11
No Opinion		8.6%	5
Disagree		8.6%	5
Strongly Disagree		3.4%	2
		<i>answered question</i>	58
		<i>skipped question</i>	1

5. These need to be fully housed, with roofs.

		Response Percent	Response Count
Strongly Agree		66.1%	39
Agree		22.0%	13
No Opinion		5.1%	3
Disagree		5.1%	3
Strongly Disagree		1.7%	1
		<i>answered question</i>	59
		<i>skipped question</i>	0

6. These need a hard setback of 600 feet from residences.

		Response Percent	Response Count
Strongly Agree		78.0%	46
Agree		16.9%	10
No Opinion		0.0%	0
Disagree		1.7%	1
Strongly Disagree		3.4%	2
		answered question	59
		skipped question	0

7. Gas Drilling Equipment needs to be 200 feet from adjacent property lines.

		Response Percent	Response Count
Strongly Agree		53.4%	31
Agree		22.4%	13
No Opinion		6.9%	4
Disagree		6.9%	4
Strongly Disagree		10.3%	6
		answered question	58
		skipped question	1

8. The minimum setback of a well bore from a structure should be reduced from 200 to 100 feet.

		Response Percent	Response Count
Strongly Agree		5.2%	3
Agree		5.2%	3
No Opinion		12.1%	7
Disagree		13.8%	8
Strongly Disagree		63.8%	37
		<i>answered question</i>	58
		<i>skipped question</i>	1

9. Waivers should not be permitted

		Response Percent	Response Count
Strongly Agree		50.8%	30
Agree		15.3%	9
No Opinion		6.8%	4
Disagree		18.6%	11
Strongly Disagree		8.5%	5
		<i>answered question</i>	59
		<i>skipped question</i>	0

10. Compensation for waivers should not be permitted.

		Response Percent	Response Count
Strongly Agree		45.6%	26
Agree		17.5%	10
No Opinion		10.5%	6
Disagree		15.8%	9
Strongly Disagree		10.5%	6
		answered question	57
		skipped question	2

11. The issue of pipelines (placement, odorization, safety measures with pipelines, etc.) needs further review by the Gas Drilling Task Force, City staff and citizens and ordinance measures regarding pipelines should be approved at a later time AFTER the above review.

		Response Percent	Response Count
Strongly Agree		67.8%	40
Agree		25.4%	15
No Opinion		1.7%	1
Disagree		1.7%	1
Strongly Disagree		3.4%	2
		answered question	59
		skipped question	0

12. Gas in gathering and transmission lines should be odorized OR we need a valid opinion that that is not possible.

		Response Percent	Response Count
Strongly Agree		67.8%	40
Agree		20.3%	12
No Opinion		6.8%	4
Disagree		1.7%	1
Strongly Disagree		3.4%	2
		<i>answered question</i>	59
		<i>skipped question</i>	0

13. Pipeline companies and drilling companies should be required by the Fort Worth ordinance to provide maps to the City of where their pipelines are laid and where they intend to place new pipelines.

		Response Percent	Response Count
Strongly Agree		86.2%	50
Agree		13.8%	8
No Opinion		0.0%	0
Disagree		0.0%	0
Strongly Disagree		0.0%	0
		<i>answered question</i>	58
		<i>skipped question</i>	1

14. Proposed pipeline routes should be reviewed by a Gas Drilling Review Board.

		Response Percent	Response Count
Strongly Agree		74.6%	44
Agree		16.9%	10
No Opinion		5.1%	3
Disagree		1.7%	1
Strongly Disagree		1.7%	1
		<i>answered question</i>	59
		<i>skipped question</i>	0

15. Environmental issues surrounding gas drilling requires further study by a designated panel of experts in the fields of air quality, water quality, and drilling waste. Therefore, ordinance measures regarding environmental issues should be approved at a later time only AFTER the above experts have studied the issues and provided a report with their recommendations for ordinance provisions.

		Response Percent	Response Count
Strongly Agree		71.2%	42
Agree		22.0%	13
No Opinion		1.7%	1
Disagree		3.4%	2
Strongly Disagree		1.7%	1
		<i>answered question</i>	59
		<i>skipped question</i>	0

16. Recycling of water used in the gas drilling process should be required.

		Response Percent	Response Count
Strongly Agree		72.4%	42
Agree		13.8%	8
No Opinion		8.6%	5
Disagree		3.4%	2
Strongly Disagree		1.7%	1
		<i>answered question</i>	58
		<i>skipped question</i>	1

17. The ordinance should require disclosure of all contaminants and waste handling practices.

		Response Percent	Response Count
Strongly Agree		78.0%	46
Agree		20.3%	12
No Opinion		1.7%	1
Disagree		0.0%	0
Strongly Disagree		0.0%	0
		<i>answered question</i>	59
		<i>skipped question</i>	0
